

**ARIZONA STATE SENATE**  
*Fifty-Sixth Legislature, First Regular Session*

FACT SHEET FOR S.B. 1142

voter registration events; posting

Purpose

Requires the Secretary of State (SOS) and each county recorder to post a list on its website of each event the SOS's Office or the county recorder's office attends and provides voter registration services and prescribes requirements relating to the list of events.

Background

Federal, state, county and local government agencies, political parties and private organizations may conduct voter registration activities. The county recorder and SOS must provide voter registration forms as prescribed by statute ([A.R.S. § 16-151](#)). To be eligible to vote in Arizona, the registrant must be a citizen of the United States ([A.R.S. § 16-101](#)). A person is presumed to be properly registered to vote on completion of a registration form that contains certain identifying information and a checkmark or other appropriate indicator that the person answered "yes" to the citizenship question. Any application that does not include the information required to be on the registration form and any application that is not signed is incomplete ([A.R.S. § 16-121.01](#)).

There is no anticipated fiscal impact to the state General Fund associated with this legislation.
