6 A. On or before the earlier of thirty days after the effective date
7 of this section or September 1, 2021, the department of health services
8 shall develop a three-year pilot program that allows the delivery of acute
9 care services to patients in the patient's home by licensed hospitals in
10 this state. The department may waive rules necessary to implement the
11 requirements of the pilot program. The pilot program shall be designed in
12 a manner and in coordination with the acute care at home program
13 authorized by the centers for medicare and medicaid services.

14 B. In collaboration with interested hospitals in this state, the
15 department shall determine:

16 1. The criteria necessary for a licensed hospital to be eligible
17 for the pilot program. Eligible hospitals must demonstrate the required
18 in-person and telehealth equipment necessary to provide acute in-home
19 services.

20 2. The protocols for eligible hospitals to determine patient
21 eligibility in the program.

22 3. The protocols for health care services to be provided by or
23 under the direction of eligible hospitals to patients in the program.

24 C. Hospitals participating in the pilot program may use applicable
25 protocols determined by the department to set:

26 1. The patient eligibility criteria.

27 2. The categories of licensed health care providers that may be
28 used.

29 3. The services that may be outsourced by the hospital.

30 4. The health care services to be provided by or under the
31 direction of the hospital, which may at the option of the hospital include
32 services of mobile paramedics.

33 D. For the purposes of the pilot program, a mobile paramedic:

34 1. Must have at least two years of experience as a paramedic and be
35 certified in community paramedicine by a recognized certifying body before
36 January 1, 2023.

37 2. Beginning January 1, 2023, must have at least two years of
38 experience as a paramedic and be certified in community paramedicine by a
