1. For the purpose of promoting the sale of state lands and the more active cooperation of the owner of the soil, and to facilitate the development of its mineral resources, the state constitutes the purchaser of the land its agent for the purposes specified in this section, and in consideration hereof, relinquishes to and vests in the purchaser of the state land an undivided fifteen-sixteenths of all oil, gas and the value thereof which may be upon ON or within any state land purchased after July 9, 1954 and before March 18, 1968.

2. The purchaser of the soil may sell or lease to any person, firm or corporation the oil and gas and other minerals ~~which~~ THAT may be on or in the land, ~~upon~~ ON terms and conditions the purchaser and the owner deem best, subject to the provisions and reservations of this section, but the lessee or purchaser shall pay to ~~the~~ THIS state an undivided one-sixteenth of the mineral produced or the value of the mineral produced at the well or mine as determined by the ~~state land~~ department.

3. Upon ON discovery of oil and gas in paying quantities on land adjoining state lands purchased under the authority of this section, the purchaser or the purchaser's lessee shall drill and produce all wells necessary to protect the land so purchased from drainage by wells on lands in which the THIS state has no royalty interest, or has a lesser royalty interest. If the purchaser or the purchaser's lessee fails to protect against such drainage, the THIS state, acting through the state land department, may, three months after demand therefor in writing by the state land department to such purchaser and the purchaser's lessee, MAY

12 ~~no~~ such agreement shall NOT relieve any operator from the obligation to
13 develop reasonably the lands and leases as a whole committed thereto. The
14 royalties to which ~~the~~ THIS state is entitled on production from land
15 purchased under this section shall be computed only on that part of the
16 production allocated to such tract. When the agreements made under this
17 section provide for the return of gas to a formation underlying the unit,
18 they may provide that no royalties are required to be paid on the gas so
19 returned.

26 materials, whether or not of commercial value, and state lands adjoining
27 lands ~~upon~~ ON which there are producing oil, gas or geothermal wells or
28 adjoining lands known to contain any of such substances in paying
29 quantities, or uranium, thorium or any other material peculiarly essential
30 to the production of fissionable materials, whether or not of commercial
31 value, shall not be sold. The prohibition against sale shall not operate
32 to prevent the sale of lands known to contain, in paying quantities,

35 or metals in the lands sought to be sold. ~~The provisions of~~ This
36 subsection ~~shall~~ DOES not prohibit the sale of such lands located within
37 the exterior boundaries of an incorporated city or town, in which case the

17 mining and oil, gas and geothermal resource exploration and development
18 under leases or permits executed by the department. The ~~state land~~
19 department ~~may~~, at any time, ~~MAY~~ require each of its lessees or permittees
20 to execute a bond in a reasonable principal amount conditioned ~~upon~~ ON
