2024

SENATE BILL 1456

AN ACT

REPEALING SECTION 15-249.15, ARIZONA REVISED STATUTES; AMENDING SECTIONS 15-393 AND 15-398, ARIZONA REVISED STATUTES; RELATING TO CAREER TECHNICAL EDUCATION DISTRICTS.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Repeal

3 Section 15-249.15, Arizona Revised Statutes, is repealed.

4 Sec. 2. Section 15-393, Arizona Revised Statutes, is amended to
5 read:

6 15-393. Career technical education district governing board;
7 report; definitions

8 A. The management and control of a career technical education
9 district are vested in the career technical education district governing
10 board, including the content and quality of the courses offered by the
11 district, the quality of teachers who provide instruction on behalf of the
12 district, the salaries of teachers who provide instruction on behalf of
13 the district and the reimbursement of other entities for the facilities
14 used by the district. This section does not restrict a school district
15 from offering any career and technical education course that does not
16 qualify for funding as a career technical education course or career
17 technical education district program. Unless the governing boards of the
18 school districts participating in the formation of the career technical
19 education district vote to implement an alternative election system as
20 provided in subsection B of this section, the career technical education
21 board consists of five members elected from five single member districts
22 formed within the career technical education district. The single member
23 district election system shall be submitted as part of the plan for the
24 career technical education district pursuant to section 15-392 and shall
25 be established in the plan as follows:

26 1. The governing boards of the school districts participating in
27 the formation of the career technical education district shall define the
28 boundaries of the single member districts so that the single member
29 districts are as nearly equal in population as is practicable, except that
30 if the career technical education district lies in part in each of two or
31 more counties, at least one single member district may be entirely within
32 each of the counties comprising the career technical education district if
33 this district design is consistent with the obligation to equalize the
34 population among single member districts.

35 2. The boundaries of each single member district shall follow
36 election precinct boundary lines, as far as practicable, in order to avoid
37 further segmentation of the precincts.

38 3. A person who is a registered voter of this state and who has
39 been a resident of the single member district for at least one year
40 immediately preceding the date of the election is eligible for election to
41 the office of career technical education board member from the single
42 member district. The terms of office of the members of the career
43 technical education board shall be as prescribed in section 15-427,
44 subsection B. An employee of a career technical education district or the
45 spouse of an employee shall not hold membership on a governing board of a

1 career technical education district by which the employee is employed. A
2 member of one school district governing board or career technical
3 education district governing board is ineligible to be a candidate for
4 nomination or election to or serve simultaneously as a member of any other
5 governing board, except that a member of a governing board may be a
6 candidate for nomination or election for any other governing board if the
7 member is serving in the last year of a term of office. A member of a
8 governing board shall resign the member's seat on the governing board
9 before becoming a candidate for nomination or election to the governing
10 board of any other school district or career technical education district,
11 unless the member of the governing board is serving in the last year of a
12 term of office. Members of a career technical education district
13 governing board are subject to the conflict of interest requirements
14 prescribed in section 38-503.

15 4. Nominating petitions shall be signed by the number of qualified
16 electors of the single member district as provided in section 16-322.

17 B. The governing boards of the school districts participating in
18 the formation of the career technical education district may vote to
19 implement any other alternative election system for the election of career
20 technical education district board members. If an alternative election
21 system is selected, it shall be submitted as part of the plan for the
22 career technical education district pursuant to section 15-392, and the
23 implementation of the system shall be as approved by the United States
24 justice department.

25 C. Career technical education districts are subject to the
26 following provisions of this title:

- 27 1. Chapter 1, articles 1, ~~through~~ 2, 3, 4, 5 AND 6.
- 28 2. Sections 15-208, 15-210, 15-213 and 15-234.
- 29 3. Articles 2, 3 and 5 of this chapter.
- 30 4. Section 15-361.
- 31 5. Chapter 4, articles 1, 2 and 5.
- 32 6. Chapter 5, articles 1 and 3.
- 33 7. Sections 15-701.01, 15-722, 15-723, 15-724, 15-727, 15-728,
34 15-729 and 15-730.
- 35 8. Chapter 7, article 5.
- 36 9. Chapter 8, articles 1, 3 and 4.
- 37 10. Sections 15-828 and 15-829.
- 38 11. Chapter 9, article 1, article 6, except for section 15-995, and
39 article 7.
- 40 12. Sections 15-941, 15-943.01, 15-953 and 15-973.
- 41 13. Sections 15-1101 and 15-1104.
- 42 14. Chapter 10, articles 2, 3, 4 and 8.

1 D. Notwithstanding subsection C of this section, the following
2 apply to a career technical education district:

3 1. A career technical education district may issue bonds for the
4 purposes specified in section 15-1021 and in chapter 4, article 5 of this
5 title to an amount in the aggregate, including the existing indebtedness,
6 not exceeding one percent of the net assessed value of the full cash value
7 of the property within the career technical education district. For the
8 purposes of this paragraph, "full cash value" and "net assessed value"
9 have the same meanings prescribed in section 42-11001.

10 2. The number of governing board members for a career technical
11 education district shall be as prescribed in subsection A of this section.

12 3. The student count for the first year of operation of a career
13 technical education district as provided in this article shall be
14 determined as follows:

15 (a) Determine the estimated student count for career technical
16 education district classes that will operate in the first year of
17 operation. This estimate shall be based on actual registration of pupils
18 as of March 30 scheduled to attend classes that will be operated by the
19 career technical education district. The student count for the school
20 district of residence of the pupils registered at the career technical
21 education district shall be adjusted. The adjustment shall cause the
22 school district of residence to reduce the student count for the pupil to
23 reflect the courses to be taken at the career technical education
24 district. The school district of residence shall review and approve the
25 adjustment of its own student count as provided in this subdivision before
26 the pupils from the school district can be added to the student count of
27 the career technical education district.

28 (b) The student count for the new career technical education
29 district shall be the student count as determined in subdivision (a) of
30 this paragraph.

31 (c) For the first year of operation, the career technical education
32 district shall revise the student count to the actual average daily
33 membership as prescribed in section 15-901, subsection A, paragraph 1 for
34 students attending classes in the career technical education district. A
35 career technical education district shall revise its student count, the
36 base support level as provided in section 15-943.02, the revenue control
37 limit as provided in section 15-944.01 and the district additional
38 assistance as provided in section 15-962.01 before May 15. A career
39 technical education district that overestimated its student count shall
40 revise its budget before May 15. A career technical education district
41 that underestimated its student count may revise its budget before May 15.

42 (d) After March 15 of the first year of operation, the school
43 district of residence shall adjust its student count by reducing it to
44 reflect the courses actually taken at the career technical education
45 district. The school district of residence shall revise its student

1 count, the base support level as provided in section 15-943, the revenue
2 control limit as provided in section 15-944 and the district additional
3 assistance as provided in section 15-962.01 prior to May 15. A district
4 that underestimated the student count for students attending the career
5 technical education district shall revise its budget before May 15. A
6 district that overestimated the student count for students attending the
7 career technical education district may revise its budget before May 15.

8 (e) The procedures for implementing this paragraph shall be as
9 prescribed in the uniform system of financial records.

10 For the purposes of this paragraph, "school district of residence" means
11 the school district that included the pupil in its average daily
12 membership for the year before the first year of operation of the career
13 technical education district and that would have included the pupil in its
14 student count for the purposes of computing its base support level for the
15 fiscal year of the first year of operation of the career technical
16 education district if the pupil had not enrolled in the career technical
17 education district.

18 4. A student includes any person enrolled in the career technical
19 education district without regard to the person's age or high school
20 graduation status, except that:

21 (a) A student in a kindergarten program or in any of grades one
22 through eight who enrolls in courses offered by the career technical
23 education district shall not be included in the career technical education
24 district's student count or average daily membership.

25 (b) A student in a kindergarten program or in any of grades one
26 through eight who is enrolled in career and technical education courses
27 shall not be funded in whole or in part with monies provided by a career
28 technical education district, except that a pupil in grade eight may be
29 funded with monies generated by the \$.05 qualifying tax rate authorized in
30 subsection F of this section.

31 (c) A student who has graduated from high school or received a
32 general equivalency diploma or who is over twenty-one years of age shall
33 not be included in the student count of the career technical education
34 district for the purposes of chapter 9, articles 3, 4 and 5 of this title.

35 5. A career technical education district may operate for more than
36 one hundred eighty days per year, or less, with the equivalent number of
37 hours of instruction.

38 6. A career technical education district may use the carryforward
39 provisions of section 15-943.01.

40 7. A school district that is part of a career technical education
41 district shall use any monies received pursuant to this article to
42 supplement and not supplant base year career and technical education
43 courses, and directly related equipment and facilities, except that a
44 school district that is part of a career technical education district and
45 that has used monies received pursuant to this article to supplant career

1 and technical education courses that were offered before the first year
2 that the school district participated in the career technical education
3 district or the first year that the school district used monies received
4 pursuant to this article or that used the monies for purposes other than
5 for career and technical education courses shall use one hundred percent
6 of the monies received pursuant to this article to supplement and not
7 supplant base year career and technical education courses. Each
8 applicable school district shall provide a report to the career technical
9 education board and the department of education outlining the required
10 maintenance of effort and how monies were used to supplement and not
11 supplant base year career and technical education courses and directly
12 related equipment and facilities.

13 8. A career technical education district shall use any monies
14 received pursuant to this article to enhance and not supplant career and
15 technical education courses and directly related equipment and facilities.

16 9. A career technical education district or a school district that
17 is part of a career technical education district or a charter school shall
18 only include pupils in grades nine through twelve and pupils in the school
19 year immediately following graduation in the calculation of student count
20 or average daily membership if the pupils are enrolled in courses that are
21 approved jointly by the governing board of the career technical education
22 district and each participating school district or charter school for
23 satellite courses taught within the participating school district or
24 charter school, or approved solely by the career technical education
25 district for centrally located courses. Funding may be provided for not
26 more than four years for the same student. Student count and average
27 daily membership from courses that are not part of an approved program for
28 career and technical education shall not be included in student count and
29 average daily membership of a career technical education district.

30 E. The career technical education board shall appoint a
31 superintendent as the executive officer of the career technical education
32 district.

33 F. Taxes may be levied for the support of the career technical
34 education district as prescribed in chapter 9, article 6 of this title,
35 except that a career technical education district shall not levy a
36 property tax pursuant to law that exceeds \$.05 per \$100 assessed valuation
37 except for bond monies pursuant to subsection D, paragraph 1 of this
38 section. Such taxes shall be obtained from a levy of taxes on the taxable
39 property used for secondary tax purposes.

40 G. The schools in the career technical education district are
41 available to all persons who reside in the career technical education
42 district and to pupils whose school district of residence within this
43 state is paying tuition on behalf of the pupils to a district of
44 attendance that is a member of the career technical education district,

1 subject to the rules for admission prescribed by the career technical
2 education board.

3 H. The career technical education board may collect tuition for
4 adult students and the attendance of pupils who are residents of school
5 districts that are not participating in the career technical education
6 district pursuant to arrangements made between the governing board of the
7 school district and the career technical education board.

8 I. The career technical education board may accept gifts, grants,
9 federal monies, tuition and other allocations of monies to erect, repair
10 and equip buildings and for the cost of operating the schools of the
11 career technical education district.

12 J. One member of the career technical education board shall be
13 selected chairman. The chairman shall be selected annually on a rotation
14 basis from among the participating school districts. The chairman of the
15 career technical education board shall be a voting member.

16 K. A career technical education board and a community college
17 district may enter into agreements to provide for administrative,
18 operational and educational services and facilities.

19 L. Any agreement between the governing board of a career technical
20 education district and another career technical education district, a
21 school district, a charter school or a community college district shall be
22 in the form of an intergovernmental agreement or other written contract.
23 The auditor general shall modify the uniform system of financial records
24 and budget forms in accordance with this subsection. The
25 intergovernmental agreement or other written contract shall completely and
26 accurately specify each of the following:

27 1. The financial provisions of the intergovernmental agreement or
28 other written contract and the format for the billing of all services.

29 2. The accountability provisions of the intergovernmental agreement
30 or other written contract.

31 3. The responsibilities of each career technical education
32 district, each school district, each charter school and each community
33 college district that is a party to the intergovernmental agreement or
34 other written contract.

35 4. The type of instruction that will be provided under the
36 intergovernmental agreement or other written contract, including
37 individualized education programs pursuant to section 15-763.

38 5. The quality of the instruction that will be provided under the
39 intergovernmental agreement or other written contract.

40 6. The transportation services that will be provided under the
41 intergovernmental agreement or other written contract and the manner in
42 which transportation costs will be paid.

43 7. The amount that the career technical education district will
44 contribute to a course and the amount of support required by the school
45 district, the charter school or the community college.

1 8. That the services provided by the career technical education
2 district, the school district, the charter school or the community college
3 district be proportionally calculated in the cost of delivering the
4 service.

5 9. That the payment for services shall not exceed the cost of the
6 services provided.

7 10. That the career technical education district will provide the
8 following minimum services for all member districts:

9 (a) Professional development of career and technical teachers in
10 the career technical education district who are teaching programs or
11 courses at a satellite campus.

12 (b) Ongoing evaluation and support of satellite campus programs and
13 courses to ensure quality and compliance.

14 11. An itemized listing of other goods and services that are
15 provided to the member district and that are paid for by the retention of
16 satellite campus student funding.

17 M. A member school district or charter school may not submit
18 requests to approve or add satellite campus career technical education
19 district programs or courses directly to the career and technical
20 education division of the department of education, but shall submit all
21 appropriate application documentation and materials for programs or
22 courses to the career technical education district. On approval from the
23 career technical education board, a career technical education district
24 shall only submit requests to approve or add satellite campus career
25 technical education district programs or courses directly to the career
26 and technical education division of the department of education, which
27 shall determine whether the criteria prescribed in section 15-391,
28 paragraphs 2 and 4 have been met. If the career and technical education
29 division of the department of education determines that a course does not
30 meet the criteria for approval as a career technical education course, the
31 governing board of the career technical education district may appeal this
32 decision to the state board of education acting as the state board of
33 vocational education.

34 N. Notwithstanding any other law, the average daily membership for
35 a pupil who is enrolled in a career technical education course and who
36 does not meet the criteria specified in subsection P, Q or R of this
37 section shall be 0.25 for each course, except the sum of the average daily
38 membership shall not exceed the limits prescribed by subsection D, P, Q or
39 R of this section, as applicable.

40 O. If a career and technical education course or program is
41 provided on a satellite campus, the sum of the average daily membership,
42 as provided in section 15-901, subsection A, paragraph 1, for that pupil
43 in the school district or charter school and career technical education
44 district shall not exceed 1.25. The school district or charter school and
45 the career technical education district shall determine the apportionment

1 of the average daily membership for that pupil between the school district
2 or charter school and the career technical education district. A pupil
3 who attends a course or program at a satellite campus and who is not
4 enrolled in the school district or charter school where the satellite
5 campus is located may generate the average daily membership of up to 0.25
6 for one hundred fifty instructional hours of enrollment for instruction
7 received during any hour of the day, during any day of the week and at any
8 time between July 1 and June 30 of each fiscal year pursuant to this
9 subsection if the pupil is enrolled in a school district that is a member
10 district in the same career technical education district.

11 P. The sum of the average daily membership of a pupil who is
12 enrolled in both the school district and career technical education course
13 or career technical education program provided by a community college
14 pursuant to subsection K of this section or at a centralized campus shall
15 not exceed 1.75. The average daily membership for a pupil who is enrolled
16 in a career technical education course or career technical education
17 program provided by a community college shall be 0.25 for the accumulation
18 of every three community college credits for which a student is enrolled
19 in career technical education courses. The member school district and the
20 career technical education district shall determine the apportionment of
21 the average daily membership and student enrollment for that pupil between
22 the member school district and the career technical education district,
23 except that the amount apportioned shall not exceed 1.0 for either entity.
24 Notwithstanding any other law, the average daily membership for a pupil
25 who is in grade nine, ten, eleven or twelve or in the school year
26 immediately following graduation and who is enrolled in a course that
27 meets for at least one hundred fifty minutes per class period at a
28 centralized campus shall be 0.75. To qualify for funding pursuant to this
29 subsection, a centralized campus shall offer programs and courses to all
30 eligible students in each member district of the career technical
31 education district. Students in an approved career technical education
32 program may generate an average daily membership of up to 1.75 for
33 instruction received during any hour of the day, during any day of the
34 week and at any time between July 1 and June 30 of each fiscal
35 year. Average daily membership shall not be calculated on the one
36 hundredth day of instruction for the purposes of this section. Average
37 daily membership shall be calculated by dividing the instructional hours
38 of enrollment by six hundred hours, except that:

- 39 1. At least one hundred fifty hours and less than three hundred
40 hours equals 0.25 average daily membership.
- 41 2. At least three hundred hours and less than four hundred fifty
42 hours equals 0.5 average daily membership.
- 43 3. At least four hundred fifty hours and less than six hundred
44 hours equals 0.75 average daily membership.
- 45 4. At least six hundred hours equals 1.0 average daily membership.

1 Q. The average daily membership for a pupil who is in grade nine,
2 ten, eleven or twelve or in the school year immediately following
3 graduation and who is enrolled in a course that meets for at least one
4 hundred fifty minutes per class period at a leased centralized campus
5 shall not exceed 0.75. Students in an approved career technical education
6 program provided by a leased centralized campus may generate an average
7 daily membership for instruction received during any hour of the day,
8 during any day of the week and at any time between July 1 and June 30 of
9 each fiscal year. Average daily membership shall be calculated by
10 dividing the instructional hours of enrollment by six hundred hours,
11 except that:

12 1. At least one hundred fifty hours and less than three hundred
13 hours equals 0.25 average daily membership.

14 2. At least three hundred hours and less than four hundred fifty
15 hours equals 0.5 average daily membership.

16 3. At least four hundred fifty hours and less than six hundred
17 hours equals 0.75 average daily membership.

18 4. At least six hundred hours equals 1.0 average daily membership.

19 R. The sum of the average daily membership, as provided in section
20 15-901, subsection A, paragraph 1, of a pupil who is enrolled in both the
21 school district and in career technical education courses provided at a
22 leased centralized campus shall not exceed 1.75 if all of the following
23 conditions are met:

24 1. The course qualifies as a career technical education course.

25 2. The course is offered to all eligible students in each member
26 district of the career technical education district and enrolls students
27 from multiple high schools.

28 3. The career technical education district program in which the
29 course is included addresses a specific industry need and has been
30 developed in cooperation with that industry, or the leased facility is a
31 state or federal asset that would otherwise be unused or underutilized.

32 4. The lease is established at fair market value if the lease is
33 executed for a facility located on the site of a member district and was
34 approved by the joint committee on capital review, except that a lease
35 that was executed or renewed before December 31, 2012 is not subject to
36 approval by the joint committee on capital review.

37 S. A student who is enrolled in an accommodation school may be
38 treated as a student of the school district in which the student
39 physically resides for the purposes of enrollment in a career technical
40 education district and shall be included in the calculation of average
41 daily membership for either the career technical education district or the
42 accommodation school, or both.

43 T. Notwithstanding any other law, the student count for a career
44 technical education district shall be equivalent to the career technical
45 education district's average daily membership. Students in an approved

1 career technical education program provided by a satellite campus,
2 centralized campus or leased centralized campus may generate an average
3 daily membership subject to the limits prescribed by subsections D, N, O,
4 P, Q and R of this section, as applicable, for instruction received during
5 any hour of the day, during any day of the week and at any time between
6 July 1 and June 30 of each fiscal year. Average daily membership shall
7 not be calculated on the one hundredth day of instruction for the purposes
8 of this section. The department may not restrict the instructional time
9 by limiting the particular days of the week or time of the fiscal year for
10 instruction to occur.

11 U. A school district or charter school may not prohibit or
12 discourage students who are enrolled in that school district or charter
13 school from attending courses offered by a career technical education
14 district, including requiring students to generate a full 1.0 average
15 daily membership or to enroll in more courses than are needed to graduate
16 before enrolling in and attending programs or courses offered by a career
17 technical education district.

18 V. The governing board of the career technical education district
19 may contract with any charter school that is located within the boundaries
20 of the career technical education district to allow that charter school to
21 offer career and technical education courses or programs as a satellite
22 campus.

23 W. Beginning in 2020 and every five years thereafter, the career
24 and technical education division of the department of education shall
25 review career technical education district programs and career technical
26 education courses to ensure compliance, quality and eligibility. Any
27 program or course deemed to not meet the requirements set forth by law
28 shall not be funded for the current school year and shall be removed from
29 the approved program and course list for the purposes of funding. The
30 career and technical education division may establish a staggered schedule
31 for reviewing each career technical education district.

32 X. Notwithstanding subsection D, paragraphs 4 and 9 and subsections
33 P, Q and R of this section, for a student in grade nine, funding shall be
34 provided pursuant to this section only if the student ~~reaches the fortieth~~
35 ~~day of grade eleven~~ IS enrolled in an approved career technical education
36 program **IN GRADE TEN** and meets the requirements prescribed in subsection Z
37 of this section. At that time funding shall be provided for that student
38 for grade nine and for any subsequent year in which the student is
39 eligible for funding pursuant to this section.

40 Y. On or before September 1 of each year, the office of economic
41 opportunity in collaboration with the department of education shall
42 compile ~~an~~ **A DRAFT STATEWIDE** in-demand ~~regional~~
43 approved career technical education programs that lead to a career path in
44 high demand with median-to-high-wage jobs in ~~that region~~ **THIS STATE**. The
45 office of economic opportunity shall incorporate industry feedback as part

1 of developing the DRAFT STATEWIDE in-demand ~~regional educational~~ EDUCATION
2 list. ~~The office of economic opportunity~~ AND shall submit the DRAFT
3 STATEWIDE in-demand ~~regional~~ education list to the Arizona career and
4 technical education quality commission for ~~review and approval~~
5 CONSIDERATION. THE ARIZONA CAREER AND TECHNICAL EDUCATION QUALITY
6 COMMISSION SHALL APPROVE A FINAL STATEWIDE IN-DEMAND EDUCATION LIST THAT
7 INCLUDES AT LEAST THE APPROVED CAREER TECHNICAL EDUCATION PROGRAMS
8 INCLUDED IN THE DRAFT STATEWIDE IN-DEMAND EDUCATION LIST.

9 Z. Notwithstanding subsection D, paragraphs 4 and 9 and subsections
10 P, Q and R of this section, for a student in grade nine or in the school
11 year immediately following graduation, funding shall be provided pursuant
12 to this section only if the student is enrolled in a program that was
13 included on the STATEWIDE in-demand ~~regional~~ education list ~~compiled~~
14 APPROVED pursuant to subsection Y of this section ~~for that student's~~
15 ~~region~~ for the year in which the student began the program.

16 AA. For the purposes of this section:

17 1. "Base year" means the complete school year in which voters of a
18 school district elected to join a career technical education district.

19 2. "Centralized campus" means a facility that is owned and operated
20 by a career technical education district to offer career technical
21 education district programs or career technical education courses.

22 3. "Lease" means a written agreement in which the right to occupy
23 or use real property is conveyed from one person or entity to another
24 person or entity for a specified period of time.

25 4. "Leased centralized campus" means a facility that is leased and
26 operated by a career technical education district to offer career
27 technical education district programs or career technical education
28 courses.

29 5. "Satellite campus" means a facility that is owned or operated by
30 a school district or charter school to offer career technical education
31 district programs or career technical education courses.

32 Sec. 3. Section 15-398, Arizona Revised Statutes, is amended to
33 read:

34 15-398. Career technical education districts; associate
35 degrees; requirements; reports; definitions

36 A. Notwithstanding any other law, a career technical education
37 district may offer associate degrees that are accredited by a regional or
38 national accreditation agency approved by the United States department of
39 education. Beginning on September 24, 2022, any career technical
40 education district seeking to offer an associate degree program pursuant
41 to this section shall apply for accreditation from a regional
42 accreditation agency.

43 B. Each career technical education district that offers an
44 associate degree program pursuant to this section must meet both of the
45 following:

1 1. All applicable regional or national accreditation requirements.

2 2. All applicable state licensure requirements.

3 C. A career technical education district may offer associate
4 degrees only for career technical education district programs that are on
5 the STATEWIDE in-demand ~~regional~~ education list ~~compiled~~ APPROVED pursuant
6 to section 15-393. When determining whether to offer an associate degree
7 program, the career technical education board shall make its determination
8 based on all of the following criteria:

9 1. Whether the career technical education district is able to
10 demonstrate industry demand for the associate degree program.

11 2. A financial analysis that shows the short-term and long-term
12 impacts to initiate and sustain the associate degree program, including
13 all of the following:

14 (a) The source of monies.

15 (b) Facilities requirements.

16 (c) Faculty.

17 (d) Personnel.

18 (e) Administrative costs.

19 3. Whether the associate degree program would unnecessarily
20 duplicate the degree programs offered by other institutions of higher
21 education in this state.

22 4. The ability of the career technical education district to
23 support the associate degree program with and the adequacy of the
24 facilities, faculty, administration, libraries and other resources.

25 D. A career technical education district that is located in the
26 same county as the main campus of any public university or community
27 college district and that is developing an associate degree program shall
28 notify the public university or community college at least sixty days
29 before submitting the report prescribed in subsection E of this section.
30 Within thirty days after the date the career technical education district
31 submits the notice, the public university or community college may provide
32 a written response to the career technical education board for its review.
33 This subsection does not allow a public university or community college to
34 prevent a career technical education district from offering an associate
35 degree program.

36 E. Before the career technical education board authorizes an
37 associate degree program, the career technical education district must
38 submit a report to the career technical education board that includes all
39 of the following information:

40 1. The name of the proposed academic degree program.

41 2. The academic department that will offer the proposed degree
42 program.

43 3. Whether the instructional modality would be immersion or online,
44 or both.

- 1 4. The total credit hours necessary to complete the proposed degree
2 program.
- 3 5. The proposed inception term.
- 4 6. A brief description of the proposed degree program.
- 5 7. A learning outcomes and assessment plan, including:
 - 6 (a) Concepts.
 - 7 (b) Competencies.
 - 8 (c) Assessment methods and measures.
- 9 8. The projected enrollment by year for the first three years the
10 degree program is offered.
- 11 9. Evidence of market demand for the proposed degree program.
- 12 10. Similar degree programs offered at other institutions of higher
13 education in this state.
- 14 11. The new resources required, including a long-term plan for
15 faculty recruitment that indicates the ability to pay the salaries of
16 faculty and identifies recruitment strategies for new faculty.
- 17 12. Any written responses provided by a public university or
18 community college pursuant to subsection D of this section.
- 19 13. Proof of transferability of credits earned in the proposed
20 degree program to another accredited institution for each program offered.
- 21 F. Each career technical education district that offers an
22 associate degree program pursuant to this section shall submit a report to
23 the joint legislative audit committee on or before October 1 of the fifth
24 year after initially offering that associate degree program. The report
25 shall review the first five years of the associate degree program at the
26 career technical education district and shall include all of the
27 following:
 - 28 1. The number of:
 - 29 (a) Associate degree programs implemented at the career technical
30 education district.
 - 31 (b) Applicants to each associate degree program.
 - 32 (c) Applicants who are admitted into each associate degree program.
 - 33 (d) Applicants who are enrolled in each associate degree program.
 - 34 (e) Applicants who received degrees from each associate degree
35 program.
 - 36 2. The costs of each associate degree program, including cost per
37 degree and the funding sources that are used to finance each degree
38 program.
 - 39 3. Current trends in workforce demands that require associate
40 degrees in each specific associate degree program offered.
 - 41 4. Current completion and continuation rates, if available, for
42 each cohort of students participating in each associate degree program.
 - 43 5. The extent to which each associate degree program fulfills
44 identified workforce needs for new associate degree programs.

1 6. Information on the job placement of graduates of each associate
2 degree program.

3 7. For each associate degree program, the costs to students, the
4 amount of financial aid offered and the student debt levels of graduates.

5 8. Time-to-degree rates and completion rates for each associate
6 degree program.

7 G. On or before December 1 of each year, each career technical
8 education district that offers an associate degree program shall report to
9 the governor, the president of the senate, the speaker of the house of
10 representatives and the joint legislative budget committee all of the
11 following information for the immediately preceding school year:

12 1. The total number of students pursuing an associate degree at the
13 career technical education district pursuant to this section.

14 2. The total number of associate degrees completed at the career
15 technical education district.

16 3. Workforce data showing demand for each associate degree program
17 offered at the career technical education district.

18 4. The average cost of tuition per credit hour for each associate
19 degree program offered at the career technical education district.

20 H. Each career technical education district that offers an
21 associate degree program pursuant to this section shall provide the
22 student, at the time of enrollment in a program, with a list of
23 institutions to which the student's associate degree is transferable.

24 I. For the purposes of this section:

25 1. "Community college" has the same meaning prescribed in section
26 15-1401.

27 2. "Community college district" means a district as defined in
28 section 15-1401.

29 3. "Main campus" means the central location of a public
30 university's or community college district's library system and computer
31 center.

32 4. "Public university" means a university under the jurisdiction of
33 the Arizona board of regents.
